

# **Columba College Junior School Stationery List 2021**

**Ensure that you check the lists for core stationery and specific year-level items**

Please note: Some classes use supporting texts to complement teaching and learning. If students purchase their own copy, they are able to take these home and write on them, using them as a valuable learning and revision tool. Students are able to keep these personal copies at the end of the school year. If you choose not to purchase copies of these texts, there will be class-copies available for students to use but these are not able to be written on or taken home.

We are able to purchase these resources in bulk and can therefore offer them to you at a reduced cost. If you would like to purchase your own copy, please click on the hyperlink for your class and fill in the Google form. The resources will then be charged to your school account and will be issued to your child at the start of Term 1.
