

Columba College Middle School Stationery List 2023

Ensure that you check the lists for core stationery and specific year-level items

Please note: Some classes use supporting texts to complement teaching and learning. We are able to buy these texts in bulk and to offer them to you at a reduced cost. The resource(s) will then be charged to your school account and will be issued to the student at the start of Term 1.

If you would prefer to NOT purchase supporting texts via the College, please click on the appropriate hyperlink and fill in the Google form. You will then need to find and purchase your own copy *or*, if you do not buy one at all, the student will be able to borrow one of a limited number of in-class copies. Unfortunately, these loaned in-class copies cannot be taken home or written on.

Middle School core stationery (all students should have these items)

It is strongly recommended all students in Years 7-10 have access to the digital learning tool, *Education Perfect*. This platform is used to reinforce the learning from class as well as to both extend and support individual students' progress as needed. A one-off charge of \$44.00 will give each student access to the full range of *Education Perfect* subject resources for the year.

If you would like to opt out of *Education Perfect*, please indicate this by using the opt-out form for your Year level below.

All students are encouraged to bring unused resources from previous years in place of the listed items
