

Columba College Senior School Stationery List 2023

Ensure that you check the lists for core stationery and specific year-level items

Please note: Some classes use supporting texts to complement teaching and learning. We are able to buy these texts in bulk and to offer them to you at a reduced cost. The resource(s) will then be charged to your school account and will be issued to the student at the start of Term 1.

If you would prefer to NOT purchase supporting texts via the College, please click on the appropriate hyperlink and fill in the Google form. You will then need to find and purchase your own copy *or*, if you do not buy one at all, the student will be able to borrow one of a limited number of in-class copies. Unfortunately, these loaned in-class copies cannot be taken home or written on.

Senior School core stationery (all students should have these items)

It is strongly recommended that all students in Years 11-13 have access to the digital learning tool, *Learning Coach*. This platform is used to reinforce the learning from class as well as to both extend and support individual students' progress as needed. A one-off charge of \$15.00 will give each student access to the full range of *Learning Coach* subject resources for the year.

It is also recommended that all Years 11-13 students studying a language for NCEA have access to the digital learning tool, *Education Perfect*, for their chosen language. The College can secure a student license for the year for a one-off cost of \$17.50.

If you would like to opt out of either *Learning Coach* or *Education Perfect* (for language options), please indicate this by using the opt-out form for your Year level below.

All students are encouraged to bring unused resources from previous years in place of the listed items.

We strongly recommend you use ring binders across subjects where possible.

- Ringbinder(s) and subject dividers (to be used across subjects)

Specific items required per year level/subject

Please check your year level and subjects carefully

ART STUDENTS: A list of required materials is available from your teacher in the Art Department. You may source these yourself or you can order them from your teacher and have the cost charged to your account. There will be an ongoing need to replenish some items and there will be some materials not required at start-up, but later in the year.
